University of Linz, Austria

Raphael MASSCHELEIN,

University of Leuven, Belgium

Kristiina MUKALA,

University of Helsinki, Finland

Mission of EASOM

The European Association of Schools of Occupational Medicine (EASOM) exists to promote the highest standards of education and training in occupational medicine in Europe. This will be achieved through the exchange of knowledge, skills and experience of teaching and training between member schools.

To promote awareness and recognition of EASOM within member states.

To provide added value to member schools via access to European academic occupational medicine networks, the development of European teaching experiences and the development of a Quality Assurance approach to the provision of specialist training and courses for continuing professional development.

EASOM organises each year since 2001 a summer school open to members and anyone working on education and training occupational medicine.

The **SIXTH** EASOM SUMMER SCHOOL is organized in a beautiful location near Bari, Italy in September 2006.

Hotel del Levante
Via Appia, 20
72010 - Torre Canne

Università di Bari

6° EASOM SUMMER SCHOOL

TEACHING PRACTICAL OCCUPATIONAL AND ENVIRONMENTAL EPIDEMIOLOGY

August 31 September 2, 2006

Hotel del Levante

Torre Canne

Brindisi

Italy

Thursday, August 31st
